SKILLS

⟩ Frontend:

Javascript
HTML5
CSS3
React
Bootstrap
Sass
jQuery
ES6
Animations

⟩ Backend:

Ruby on Rails
Node.js
Express.js
MongoDB
Mongoose
JWT
JSON
NoSQL
PostgreSQL

⟩ Other:

Git
Agile Development
Data Structures
MERN stack
Database Modeling

PROJECTS

Please visit my website to see the latest projects that I've been working on.

ABOUT

I am a passionate creator of things on the web who enjoys all forms of design. I love to plan my ideas thoughtfully, then craft them into creative, yet user-friendly experiences. My technical background includes the latest development approaches in programming, including MVC framework, event-driven applications using AJAX, JSON, and Object-Oriented JavaScript. I am an agile learner who enjoys problem-solving and picking up new skills and tools.

WORK EXPERIENCE

Promotely
2020 - now

Frontend Developer · San Francisco, CA

- Developed web applications using HTML5, CSS3, Bootstrap, and JavaScript
- Implemented responsive web design to ensure website cross-browser compatibility and mobile responsiveness
- Programmed various AJAX and JSON calls for the communication between the server and the UI
- Developed a flexible and well-structured front-end architecture, along with the APIs to support it
- Built the Single Page Application (SPA) with React Router

General Assembly
2019 - 2020

Software Engineer Fellow · San Francisco, CA

- Architected RESTful APIs with Node.js, Express, and Mongoose to complete CRUD operations in backend
- Achieved user authentication and authorization using JSON Web Tokens
- Used AJAX to make asynchronous calls to the project server to fetch data
- Deployed both client-side and server-side to Heroku and cPanel
- Tested sites in various browsers and devices for cross-platform optimization

Yelp
2017-2019

Account Executive · San Francisco, CA

- Managed pipeline of 2000+ businesses
- Hit and exceed monthly sales goals, promoted three times in 19 months
- Drove the full sale cycle to attain new business: vetted prospects, assessed business goals through qualifying, closed deals

EDUCATION

General Assembly - 2020

Software Engineering Immersive

Penn State University - 2016

Bachelor of Arts in Economics
